University of Guyana Library Newsletter
Volume II, Issue 1

The University of Guyana Library wishes to inform the academic community of a revision to Page 3 of Volume II, Issue 1 of the Library's Newsletter.

The group photograph accompanying one of the articles on Page 3 was not fully labelled in the original publication. To ensure that all individuals featured in the photograph are properly identified for historical, archival, and future reference purposes, the page has been revised to include a complete caption identifying the persons depicted.

No other content on Page 3 has been altered. The revision relates solely to the photograph labelling.

The revised Page 3 is attached and supersedes the previously circulated version.

The University of Guyana Library regrets the oversight and thank the members of the academic community for their understanding.
